# INTRODUCTION

## LEARN ENGLISH: PLAY FOOTBALL

**“The experience of a lifetime”** is how many of our students have described their English and Football camp. Our intensive two-week camps are crammed full of activity and education, providing a spring or summer study-break in England that will be remembered forever.

In the morning students receive football coaching from the world-famous Manchester United Soccer Schools. No matter what their ability, they undergo a comprehensive course covering technique, tactics, physical, mental and social elements of the game, in a fun and friendly atmosphere. Our students never forget learning to play the United way!

“

*I would like to thank you for the great time which my son had while he was at MUSS. Really thanks for taking good care of him. He even didn't want to go back to Turkey and asked if he could stay 2 more than weeks but I told him next year we might make the arrangements for 4 weeks. Please do tell the coaches, teachers and all the staff that I and Ozi would like to thank all for the great time he had.*

Emine Hasoglu, mother of Oguzhan Ozcan

”

The afternoons are allocated to English lessons, delivered using our customised football-themed syllabus. Students are grouped according to ability so that they can all improve quickly. The interactive sessions cover grammar and vocabulary but also place a large emphasis on conversational English.

After an evening football session there's a chance to socialise and enjoy activities with students from across the globe. This is a great opportunity to experience different cultures and gain social confidence.

Accommodation in one of our carefully selected regional centres completes the experience along with various activities and excursions.

“

*Just want to say a big THANK YOU to all the staff that took care of the Swedish boys during the camp. They were all so excited and happy, and took big steps forward – both as humans and as football players. So they will for sure return.*

Jörgen Ringstrand, father of Nil Ringstrand, 2012

”

We are highly experienced at running English & Football camps - and student welfare is the top priority. MUSS understands the needs of young people travelling away from home. In liaison with the Manchester United Children Services Officer we have dedicated teams to care for all young players on and off the field, and provide the very best, safe and secure facilities.

From the time they arrive, to when they are packing their bags on the last day, our students are well looked after, active, motivated and happy. They discover England, stay active and speak English – the perfect combination for a study break.

## SOCCER SCHOOL LOCATIONS

# ENGLISH LANGUAGE LESSONS

Following a tailor-made curriculum focused on football, our English language classes are unique. They allow students to develop their English language with the same enthusiasm that they have for football.

The curriculum is designed so that students learn more effectively, as the subjects covered in the lessons are related to something they are already interested in: sport.

Lessons are frequently delivered in an interactive, task-based manner using the latest classroom technology - all delivered by well-qualified, enthusiastic

teachers with native-level language skills, who motivate students throughout the sessions.

At the start of each camp all students take a short language test which is used to place them in an appropriate class. At the end of the camp, students take home their workbook to show parents and friends what they have learnt.

Each student receives an individual assessment from their tutor with advice on how to further develop their language skills. All the students should be able to see a clear improvement by the end of the camp.

- ▶ **Students per group:** maximum of 16
- ▶ **Students in groups according to:** English language ability
- ▶ **Classroom tuition per week:** 12.5 hours
- ▶ **Conversational English during football:** 18 hours
- ▶ **English language skills covered:** Speaking, reading, writing, vocabulary and grammar
- ▶ **Support materials provided:** personal workbook and end-of-camp reports

“

*On behalf of Vadim Bakatin and his parents I would like to thank you for your kind assistance and patience with all our requests. Everything was marvellously arranged! Vadim found this session very encouraging and useful for his further development. It was a great experience!*

FREQUENTLY ASKED QUESTIONS

My English is not very good.  
Is that OK?

Some of our students have very limited English language skills but still have a great time on our camps. The football coaches can easily demonstrate all of the skills, and our English language teachers are trained to work with students from beginner right up to advanced level. In 2012 we hosted students from over 70 different nationalities – all interacting together to improve their communication skills in English.

When students arrive at the camp they are given a short English language test to determine their level and ability. Students are then put into small groups (maximum 16 per group) according to their ability. This enables our staff to adapt the curriculum and the lessons to suit the ability of all the students in the class.

Will my child get spotted by Manchester United and become a Manchester United player?

The main objective of every Manchester United Soccer Schools camp is that all players achieve success regardless of ability. Camps are not specifically designed as talent identification camps. However, we are confident that every player will leave with the knowledge and skills to become a better player.

Will I meet any Manchester United players?

Unfortunately not! Manchester United players do not attend these camps. But if your camp dates coincide with a Manchester United match, we will always try to arrange for the group to attend. Also, you could win the Skills Test and have the opportunity to play at Old Trafford on the day of a Premiership match!

I would like to extend my sincere thanks and gratitude to the MUSS team for giving my son, Youssef El Barkouki, an outstanding, unforgettable experience.

Nevine Taher, mother of Youssef El Barkouki, 2012

Will my football ability be good enough?

Camps are open to players of all abilities. The Manchester United Soccer Schools coaches are not only UEFA-qualified but they are also highly experienced at coaching children from different nationalities. They are able to get the best out of all the players. Participants should expect an intensive camp that will improve their football skills. For the football sessions, students are grouped according to their age group.

Can I stay for more than 2 weeks?

Each camp lasts 2 weeks, so if students would like to stay for longer, they can book two successive camps and stay for a total of 4 weeks.
